

Dave Jonas
President and Chief Operating Officer

Dave Jonas joined Greenwood Gaming and Entertainment Inc. in March, 2006. Jonas was appointed President and Chief Operating Officer to open and operate Philadelphia Park Casino the company's first casino property. In record time, Jonas developed the opening team and five months later successfully opened the facility which features two floors of casino space with almost 3,300 slots, electronic table games, two restaurants and three bars. The casino is located on 450 acres of land and Jonas and his team have quickly elevated Philadelphia Park Casino as a top performer in the gaming industry leading all properties in win per unit. He is currently working with other executives at Greenwood Gaming and Entertainment to implement the new 250,000 million dollar Parx Casino featuring over 3,500 slots, electronic table games, new restaurants, multiple bars and state of the art entertainment technology opening this December.

Mr. Jonas, a graduate of Widener University is no stranger to the gaming industry; he has over two decades of experience in the hyper-competitive casino world. Prior to joining Greenwood he was the Regional President in charge of Harrah's four casinos, (Harrah's, Showboat, Caesars and Bally's) he pioneered the establishment of the multi-properties consolidation and every company he has operated has consistently produced record-breaking profits.

Experience is key to understanding the unique needs of gamblers. Dave's insight comes from first-hand experience with the best players. This will lead Greenwood Gaming into the future with the onset of live table games and the implementation of phase two of the master plan to include a hotel and retail development.
